# What Parents ~~Want~~ To Know

## Internet Safety Presentation

The Internet is an amazing place where kids like to spend lots of time socializing and exploring. Unfortunately, they often encounter too much too soon. And with the onset of COVID-19, our kids are online now more than ever, which makes it even more challenging for parents to stay informed about cyber safety. The San Diego Internet Crimes Against Children Task Force (SD-ICAC) and the San Diego Police Foundation are providing tools to help families manage their online lives. Learn about cyberbullying, social networking, gaming, sexting, and online predators. Parents and caregivers are invited to attend this important community event.
